

COLD FIRE TACTICAL LTD

THE TACTICAL LINE FOR LAW ENFORCEMENT

Your officers on patrol are most likely to be the first responders to a vehicle accident, arriving precious moments before the fire department. Do they have the tools they need combat a vehicle fire?

Cold Fire is an environmentally friendly fire extinguishing agent that puts out ANY fire faster, safer, with less water, less damage to property and less risk to personnel. It cools 21 times faster than water and works to remove heat, therefore preventing re-ignition. Being organic, Cold Fire is totally safe when sprayed directly onto a fellow officer or victim being burned. Not only will it put out the fire, it will instantly cool everything it touches.

ARM YOUR OFFICERS WITH COLD FIRE TACTICAL

FIRE SUPPRESSION

"WHEN SECONDS MATTER"

COLD FIRE TACTICAL LTD

THE TACTICAL LINE FOR LAW ENFORCEMENT

When fire is used as weapon officers can quickly extinguish the flames keeping themselves and their partners safe. Issue one can to each officer and he will have his own personal fire suppression system.

Cold Fire Tactical is the most cutting edge and innovative solution that first responders and prepared civilians can rapidly used to extinguish all types of fires.

COLD FIRE TACTICAL IS IDEAL FOR THE FOLLOWING SITUATIONS:

- Law Enforcement Operations
- Patrol officers when responding to a person trapped in a vehicle fire
- Civil unrest when you encounter fire bombs
- Breaching operations
- Fire as a weapon
- Bomb squad calls

FIRE DEPARTMENT OPERATIONS:

- When supporting law enforcement operations
- Responding as part of a Rescue Task Force
- Using torches for rescue operations
- Civil unrest or event stand by

CIVILIANS:

- Keeping in your car
- Taking to the range
- Keeping in the kitchen

Cold Fire Tactical is a Universal Fire Suppressant that is saving lives and property all over the world. It will extinguish Class A, B, D and K fires. Including grass and brush, cars, tires, metals, hydrocarbons gas and diesel and polar solvents like acetone and ethanol. Materials that have been extinguished can be handled by hand within seconds due to the cooling effect of the agent.

Cold fire has indefinite shelf life when stored in closed containers and when stored between -20 to 120 degrees Fahrenheit. The canisters are guaranteed for 3 years due to the nitrogen in the container.

SAVE DEPARTMENT MONEY, BUT MORE IMPORTANTLY.... **SAVE LIVES.**

**BACKPACK ALTERNATIVE
KIT**

Cold Fire Tactical has come up with an alternative to the expensive backpack unit. It is an easy way to carry at least 6 liters of Cold Fire for larger fires. The Backpack Alternative Kit has a removal strap enabling officers to carry it over their shoulder. Just a simple swing forward and the kit is ready for use. Another great feature is when not deployed for field force it can be stored in the vehicle for fleet or tactical use. This versatility comes at a fraction of the cost of our previous backpack. See the photos below.
